Methodologies :	Agile , Waterfall
Tools and Technologies :	Angular - CLI

RESUME

Technical Project :

Project name : Portfolio site

● **Technology :** Html , CSS , javascript

● **Description:**

• This application is developed in css , Html.

• This project we provide multiple the functionality by using which any member of University of Company can see My knowledge on our portal.

• If any user is interested in the information then using our portal they can communicate with me easily.

• For validation purpose we use Javascript.

• Github Link: https://github.com/siddhu004/Portfolio-website

Project name : Virtual File System :

Technology: C Programming

Description:

• This project provides all functionality to the user which is same as Linux File system. It provides necessary commands, system calls implementations of file system through customised shell.

• In this project we implement all necessary data structures of file system like Incore Inode Table, File Table, UAREA, User File Descriptor table.

• Github Link: https://github.com/siddhu004/CVFS

Project Name : Netfilx Clone

Technology : HTML CSS

• Github Link: https://github.com/siddhu004/Netflix-clone

<div align="center">**RESUME**</div>

Work Experience :

- Fresher

Internship :

- Codsoft   ● Bharat-Interen   ● CodeClause

Technical Highlight :

- Knowledge of Front end Development

- Knowledge of Database

- Knowledge of Angular Application

Personal Information :

- **Date of birth :** 14-02-2003

- **Father's Name** : Satish Bhausaheb Kardile

- **Marital Status :** No Marriage
